HUNTER

33

HUNTER 33

The Hunter 33 is a dream boat for sailors shopping in the 30-34 foot range. Quick and agile, the Hunter 33 delivers an exhilarating experience on every outing. Under sail, the main dominated fractional rig is easily tamed with extra leverage from the cockpit Traveler Arch™ sheeting system, so the 33 is always easy for single-handers to manage.

The cockpit design has been called "ideal" by many owners, referring to the space, layout and placement of controls. Stern rail seats are free of rigging obstructions and securely fixed to the arch for a safe and comfortable view within arms reach of the wheel, traveler and jib sheets. A hinging helm seat allows effortless access to the swim platform for simple stern boarding from the dock or dinghy. Top notch equipment from Lewmar, Selden, Spinlock and Harken ensure friction free control and long term reliability.

The interior is roomy, bright and beautiful with a rich "cherry" interior and open floorplan allowed by placement of the mast compression post forward of the main bulkhead. 6'2" headroom, abundant storage space and a compact nav station round out the salon for maximum utility. Sleeping accommodations are spacious and simple with plenty of light and ventilation from the large opening hatches.

A surprisingly well equipped galley is capped with a durable Corian® countertop and packed with storage space to hold plenty of provisions for longer trips.

The Hunter 33 is extraordinarily well designed to fuel your passion for sailing. Every trip will end in eager anticipation of your next opportunity to untie and unwind.
